- **Voice of the Customer:**

> "it's been more than a week i placed a lumpsum order in MF. still in progress only. money locked with them but no funds allotted. customer support is waste. they only raise tickets which also remain open but no solution. Choose any other app. Not this."

> "customer care ghatiya"

> "worst customer support ever , no help from 3days raise ticket from last 3 days none customer support team contact me and wait time is more than 30 min still no answer in chat also no response from last 30 min"

2. Statements

- **Volume:** 19 reviews | **Rating:** 2.79 / 5.0

- **Voice of the Customer:**

> "Adhar card is not taking, while putting adhar number it's showing try again. very disappointing"

> "Highly misleading fees. Groww's marketing implies "zero brokerage," but that's false for active traders. My recent statement had ₹4,466 in total charges and a staggering ₹2,076 was pure "Groww Brokerage," plus ₹693 in DP/MIS fees. More than half the fees went directly to Groww, not the government! Their ₹20/order fee eats your profits alive. I strongly advise against

using this for intraday."

> "position and p&l sown before , and now it's not sown in bottom it's penic to save profit or loss
old virsion is best rather then new"

3. Performance & Stability
