> "My app is not opening since many days why??? please help"

> "worst costumer care support"

> "Worst customer support experience. It has been several days, and my account activation issue is still unresolved despite raising the query. There is no proper resolution or satisfactory response from the support team. Very disappointing service and a waste of time. I expected better support and a quick resolution. Not recommended until they improve their customer service."

2. KYC
- **Volume:** 17 reviews | **Rating:** 1.47 / 5.0
- **Voice of the Customer:**

> "I've spent nearly a month trying to transfer my late mother's shares. Groww keeps requesting new documents one by one: transmission form, Annexure 3, Annexure 4, and now another affidavit format! Why not provide one complete checklist upfront? These documents cost money and take time. Instead of resolving the issue, repeated requests cause unnecessary delays and expenses. I understand compliance, but this lack of coordination and accountability is unacceptable. Groww needs to improve its support"

> "The customer care support is too low, I am trying to reopen my account with my email so long but it couldn't.and also trying to get some help from the customer service representative but failed."

> "ek hafter se KYC in progress hai due to external issues. I am sure transactions mein bhi yehi problem hoti hogi"
