REPRESENTATIVE USER SENTIMENT

"app ko open kar rha hu automatic back ho ja rha hai koi bhi download na kare"

"HIGH BROKERAGE AND TAX"

"nowadays they are doing cheating with their customers, I had mutual fund account in groww for many years which is free ,now they are forcing me to open their stock account too so they charged me account opening charges and later on annual maintenance charges. I don't want to do trading or buy or sell any stocks etc then why do you forcing me for that. I am not able to see my mutual funds portfolio status because your inbuilt system is asking for details to open account."

STRATEGIC RECOMMENDATIONS

- 1 Prioritize KYC stability to reduce churn
- 2 Evaluate onboarding conversion funnel
